TLRD 250

Refillable automatic grease dispenser

Battery-powered drive unit with a translucent empty cartridge which can be easily be filled with any compatible grease. Once installed and set, it automatically delivers the desired flow of grease in a continuous way. The dispense rate can be adjusted on the lubricator directly. Once empty, it can easily be refilled, equipped with a new battery pack and installed again.

- Can be filled and refilled with any compatible grease
- Flexible dispense rate from 1 to 12 months
- LED status indicators
- Compact size allows installation in restrictive areas
- Suitable for both direct and remote installation
- Makes lubrication easy and time effective

Oversigt

Performance

Maximum pressure (P _{max})	5 bar
--------------------------------------	-------

Properties

Ambient temperature range	-20 – 60 °C
Connecting thread (G)	G 1/2
Degree of protection (IP)	IP 65
Drive mechanism	Electro mechanical
Lubricator capacity	250 ml
Maximum feed line length	3 m
Nominal emptying time	User adjustable: any integer value from 1 to 12 months
Power source	Battery
Recommended applications	Pumps, fans and blowers, conveyors, escalators, cranes, food and beverage processing machinery and many more
Shelf life	2 year

Logistics

Product net weight	0.69 kg
eClass code	23-06-10-14
UNSPSC code	15121902
